

# Fruit and Vegetable Juice Extractor

This kitchen appliance efficiently extracts juice from fresh fruits and vegetables. It features a feeding tube, pulp filter, juice container, motor, and speed control.

## Overview

### Professional Juice Extraction

The GS-330 Juice Extractor is a versatile kitchen appliance engineered for efficient juice extraction from a wide variety of fruits and vegetables. Designed with a user-friendly feeding tube and an integrated filtration system, it effectively separates pulp to deliver smooth, high-quality juice. Its compact footprint and reliable motor make it an excellent choice for commercial or home kitchen environments.
