

Fuel Dispenser with Electronic Display

This fuel dispenser features a high-precision flow meter and an adjustable display. It is designed to be waterproof and dustproof for secure operation.

Product Overview

Industrial-Grade Fuel Dispensing Solution

This fuel dispenser is engineered for high-security environments, featuring a robust waterproof and dustproof design. Built with advanced electronic technology, it ensures stability through a high-precision flow meter tested for a life-cycle of up to 10,000,000 liters. The system is designed for professional use, incorporating smart voice broadcasts, integrated printing capabilities, and flexible configuration options.

Key Features

Core Functionalities

Intelligent Voice Broadcast, Printer Bill System, POS Smart Upgrade, Adjustable Display Brightness, High-Precision Metering

Performance Metrics

Key Performance Indicators

0.25 %

Measurement Accuracy

80 dB(A)

Noise Level

54 KPA

Intake Vacuum

Technical Specifications

	Pump Type	Nozzle	Oil Product	Display	Flow Rate (L/Min)		
1H 1P	Gear Pump	1	1	2	5-50	8-80	120
2H 1P		2	1	4	5-50		
2H 2P		2	2	4	5-50	8-80	
1H 1P	Submersible Pump	1	1	2	5-50	8-80	120
2H 1P		2	1	4	5-50	8-80	
2H 2P		2	2	4	5-50	8-80	
Net Size:908*440*2100mm (L*W*H)			Package Size:1070*480*2255mm (L*W*H)				

Detailed configuration options for pump types and flow rates.

Configuration Matrix

Configuration	Pump Type	Flow Rate
1H 1P	Gear/Submersible	5-80 L/Min
2H 1P	Gear/Submersible	5-80 L/Min
2H 2P	Gear/Submersible	5-80 L/Min

Environmental & Electrical

Motor Output Power

- 750
- 1000

Power Requirements

AC380V or AC220V (-15% to +10%)

Operating Temperature

-40°C to +55°C
