

Fuel Dispenser with High-Precision Flow Meter

This fuel dispenser features a high-precision flow meter ensuring outstanding performance and a long lifecycle. Its intelligent voice broadcast system and adjustable display provide a user-friendly experience.

Product Overview

High-Precision Industrial Fuel Dispenser

This industrial-grade fuel dispenser offers exceptional reliability with a high-precision flow meter designed for up to 10 million liters of operational life. Featuring advanced electronic control, an intelligent voice system, and weather-resistant construction, it ensures stable and accurate performance in extreme temperatures ranging from -40°C to 55°C. The system is built for easy maintenance and features a POS-ready interface, making it an ideal choice for high-traffic commercial fueling sites.

Performance Specifications

Flow Rate Options

- 5-50 L/Min
- 8-80 L/Min

Accuracy	0.25 %
Noise Level	80 dB(A)
Intake Vacuum	54 KPA

Operating Environment

Temperature Range	-40°C to +55°C
-------------------	----------------

Electrical Specifications

Motor Power

- 750
- 1000

Power Supply	AC380V, AC220V
--------------	----------------

Configuration Data

	Pump Type	Nozzle	Oil Product	Display	Flow Rate (L/Min)		
1H 1P	Gear Pump	1	1	1	5-50	8-80	120
2H 1P		2	1	2	5-50		
2H 2P		2	2	2	5-50	8-80	
1H 1P	Submersible Pump	1	1	1	5-50	8-80	120
2H 1P		2	1	2	5-50	8-80	
2H 2P		2	2	2	5-50	8-80	
Net Size: 1038*500*1579 mm (L*W*H)			Package Size:1085*520*1760mm (L*W*H)				

S MAN Series Configuration

Pump Type	Nozzle Count	Oil Products
Gear Pump	2	1
Submersible Pump	2	1
Gear Pump	2	2
