Product Overview

Engineered for high-performance in heavy-duty excavators and construction machinery.

High-Precision Engine Component

This fuel injection plunger is engineered for optimal performance and durability in heavy-duty CAT C7 and C9 engines. Designed to meet or exceed OEM specifications, it ensures reliable fuel delivery and efficient operation in demanding construction machinery such as excavators. Each unit is manufactured with high-quality steel to provide extended service life and sustained engine power.

Technical Specifications

Material	Steel
Compatible Part Numbers	328-2574, 3879433, 10R7222, 387-9427, 328-2585

Logistics & Availability

Available Shipping Carriers

- DHL
- FedEx
- UPS
- TNT
- EMS
- ARAMEX
- Air Freight

Packaging Options

Neutral packing • Customer specified packaging

Accepted Payment Terms

- T/T
