Product Overview

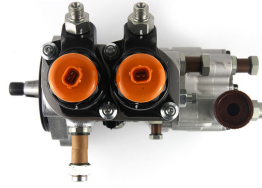

Precision-engineered fuel pump 094000-0383 for Komatsu PC400-7 and PC450-7 series.

High-Performance Fuel Injection Solution

This fuel injection pump is engineered specifically for heavy-duty Komatsu excavators, including PC400-7 and PC450-7 models. Constructed from high-grade steel, it is designed to withstand the rigors of demanding construction environments while ensuring precise fuel metering for optimal combustion. This component serves as a reliable replacement to maintain the operational efficiency and longevity of your heavy machinery.

Technical Specifications

Built with durable materials for extended service life in demanding construction environments.

Part Number	094000-0383
Material	Steel

Logistics & Terms

Available Shipping Methods

- DHL
- FedEx
- UPS
- TNT
- EMS
- ARAMEX
- Air Freight

Accepted Payment Methods	T/T, Western Union, MoneyGram, PayPal
Global Reach	North America, South America, Europe, Middle East, Africa, Asia, Australia
