

Fuel Transfer Nozzle with Manual Control

This heavy-duty nozzle is designed for gasoline and fuel transfer applications. It features a manual lever for controlled flow and a nozzle spout for precise dispensing.

Product Overview

Heavy-Duty Fuel Dispensing

This fuel transfer nozzle is engineered for reliable performance in demanding industrial and commercial environments. Featuring robust metal construction, it ensures durability and a long service life for consistent fuel delivery. The manual lever control allows for precise flow management, making it an ideal solution for gas stations, fuel depots, and agricultural operations.

Technical Specifications

Compatibility

- Gasoline
- Standard Fuel Transfer Hoses

Construction Material	Robust Metal
Control Mechanism	Manual Lever
Suitable Applications	Gas Stations, Fuel Depots, Agricultural Operations, Industrial Use
