

Full Body Air Pressure Massage Chair with SL Track

This massage chair provides a comprehensive relaxation experience with its whole body soft air pressure massage system. The ultra-long SL shaped curved guide rail ensures extended coverage, while the zero-gravity massage simulates weightlessness.

Product Overview

Full Body Relaxation Experience

This massage chair provides a comprehensive relaxation solution through its whole-body soft air pressure system. Designed with an ultra-long SL-shaped curved guide rail, it ensures deep, consistent coverage along the spine. The chair also features a zero-gravity mode to simulate weightlessness and an intelligent program that integrates foot roller massage and multi-dimensional manipulation for a complete therapeutic experience.
