

Full Body Riot Control Suit

This suit provides full body protection for law enforcement personnel during high-risk situations. It features adjustable, impact-resistant materials, including a helmet, torso protection, arm and shoulder protection, and leg and foot protection.

Product Overview

Professional Riot Control Protection

This full body riot control suit is engineered to provide comprehensive protection for law enforcement personnel during civil disturbances and high-risk operations. The system includes integrated armor covering the head, torso, arms, and legs to ensure maximum safety. Designed for durability and versatility, the suit utilizes impact-resistant materials while remaining adjustable to fit a wide range of body types.
