

Full Bore Brass Ball Valve

This is a full bore brass ball valve. It is available in sizes 1/2", 3/4", 1", 1-1/4", 1-1/2", and 2".

Product Overview

Full Bore Brass Ball Valve

This full bore brass ball valve is engineered for reliable flow control in professional plumbing and industrial piping systems. The full bore design minimizes flow restriction, ensuring optimal performance and efficiency throughout the valve's operation. With a robust brass construction and availability in multiple sizes, it provides a versatile and durable solution for diverse installation requirements.

Key Features

Product Highlights

Full Bore, Brass Construction, F/F Connection, Industrial Grade

Technical Dimensions

Size and Dimension Table

Size	Nominal Diameter (Dn)	Length (mm)	Height (mm)	Qty/Ctn
1/2"	15	47	42	120
3/4"	20	57	45	120
1"	25	65	55	72
1-1/4"	32	75	69	40
1-1/2"	40	84	74	32
2"	50	100	84	20
