

Full Motion TV Wall Mount

This full motion TV wall mount is designed for optimal viewing flexibility. Constructed from heavy-duty steel, it supports TVs of various sizes and weights and includes mounting hardware for different TV models and wall types.

Product Overview

Versatile Full Motion TV Wall Mount

This high-quality full motion wall mount provides exceptional flexibility for 32 to 65-inch flat panel televisions. Engineered with heavy-duty SPCC steel, it supports loads up to 99 lbs (45 kg) while offering comprehensive tilt and swivel capabilities. Its adjustable arm design allows for an optimal viewing range between 85mm and 450mm from the wall.
