

Full Screen 21.5-inch LED Television

This television features a vibrant display, delivering exceptional clarity and vivid colors. Its sleek, modern design seamlessly integrates into any living space.

Product Overview

Immersive Viewing Experience

The N series features a full-screen design with a super high screen ratio, minimizing bezel constraints for a more enjoyable viewing experience. Utilizing the advanced OD20 design, the television achieves a thinner, simpler, and more fashionable fuselage. This model combines sleek aesthetics with reliable performance, making it an ideal choice for modern living spaces.
