

Full Suspension Mountain Bike

This full suspension mountain bike is designed for off-road adventures. It features a durable frame, front and rear suspension for enhanced comfort and control, and disc brakes for reliable stopping power.

Overview

Built for Adventure

This full-suspension mountain bike is engineered for rugged off-road performance and versatile trail riding. Featuring a durable TIG-welded frame and a double-crown suspension fork, it offers enhanced comfort and control on challenging terrain. With a 21-speed drivetrain and reliable mechanical disc brakes, this bike provides the precision and stopping power needed for demanding downhill adventures.
