Product Overview

Rugged Off-Road Protection

Engineered for the 2018-2020 Jeep Wrangler JL and Gladiator JT, this full-width front bumper is built to withstand the harshest off-road environments. It features a robust, one-piece machine-welded steel construction finished with a durable two-stage powder coating. Designed for easy installation, this bumper integrates essential off-road recovery features, including a heavy-duty winch plate and reinforced D-ring mounts.
