

G9 LED Light Bulb

This G9 LED bulb is designed as an energy-efficient replacement for traditional halogen G9 bulbs. It features multiple LED chips arranged around a cylindrical body and a G9 bi-pin base.

Product Overview

Energy-Efficient G9 Illumination

This G9 LED bulb serves as a high-performance, energy-efficient replacement for traditional halogen G9 bulbs. Featuring a compact cylindrical design with 32 LED chips, it ensures optimal light distribution for chandeliers, sconces, and accent lighting. With a long operational lifespan and instant-on capability, this bulb is an ideal solution for professional lighting applications requiring reliability and low maintenance.

Technical Specifications

Power Consumption	4.5 W
Luminous Flux	500 Lm
Operating Voltage	220-240V
Lifespan	25000 Hours
Color Rendering Index (CRI)	>80

Design & Construction

Base Type	G9
Product Dimensions	61 x 17.5 mm
LED Configuration	2835 LED Type, 32 LEDs
Driver Type	IC

Features

Key Features	Non-dimmable, No flickering, Instant-on
