Product Overview

High-Security Perimeter Defense

This high-tensile razor barbed wire is engineered to provide a robust physical barrier for critical perimeter security. Constructed from galvanized steel, it offers exceptional corrosion resistance and durability in harsh outdoor environments. The sharp, closely spaced blade design acts as a formidable deterrent against unauthorized access, making it ideal for industrial, commercial, and high-risk applications.

Technical Specifications

Finish	Galvanized
Core Material	High-tensile steel
Key Features	Corrosion Resistant, High-Tensile, Anti-Climb, Deterrent Design

Application

Suitable Installation Sites

- Fences
- Walls
- Rooftops
- Industrial Perimeters
- High-Risk Zones
