

Garment Steamer with Adjustable Height

This garment steamer features a steam head with multiple outlets and a flexible hose. It also includes a telescopic pole with adjustable height and a base unit with wheels for portability.

Product Overview

Efficient Garment Care

The GSH-618B garment steamer is designed for professional and home use, offering a rapid 45-second heat-up time for immediate wrinkle removal. With a generous 1.9L water tank, it provides up to 70 minutes of continuous steam, making it ideal for high-volume fabric care. Its compact silhouette, telescopic pole, and roll casters ensure exceptional mobility and convenient storage.
