

## Gas-Filled Shock Absorber for Lada 110/112

This shock absorber is designed for Lada 110 and 112 models. The gas-filled damper provides damping and control to the vehicle's suspension system, improving ride comfort and handling.

### Product Overview

#### High-Performance Shock Absorber for Lada 110/112

This gas-filled shock absorber is engineered to provide superior damping and control for your vehicle's suspension system. Designed as a direct OEM replacement, it ensures optimal ride comfort, handling, and safety by effectively absorbing road vibrations and impacts. It is built to meet strict performance standards for reliable braking and steering control across all driving conditions.

### Compatibility

#### Vehicle Application

Make	Model	Production Period
LADA	110	95/01-
LADA	112	00/10-
