

Gas Powered Snow Thrower with 56cm Clearing Width

This snow thrower is designed for efficient snow removal. It features a powerful engine and a robust auger system for breaking up and clearing snow.

Product Overview

Professional Performance for Harsh Winters

This gas-powered snow thrower features a powerful 7 hp OHV engine and a 56 cm clearing width, making it a highly efficient solution for clearing snow from driveways and walkways. Designed for versatility and ease of use, it includes both manual and electric starting options and a robust self-propelled drive system with multiple gears. Its adjustable discharge chute and durable snow-tread tires ensure reliable performance in challenging winter conditions.

Technical Specifications

Engine Performance

7 hp Engine Power	56 cm Clearing Width	50 cm Clearing Depth
-----------------------------	--------------------------------	--------------------------------

Engine & Drive

- 170FDS OHV 4-stroke engine
- Manual and electric start
- Friction disc transmission
- 5 Forward / 2 Reverse gears

Operational Capacity

Fluids Capacity

Fluid Type	Capacity
Fuel Tank	3.6 L
Lubricant Tank	0.6 L

Chute Rotation

190 Degrees Horizontal Angle	70 Degrees Vertical Angle
