

Gasoline Brush Cutter with 42.7cc Engine

This gasoline-powered brush cutter is designed for trimming grass, weeds, and light brush. It features a 2-stroke engine and a cutting head with nylon line.

Overview

High-Performance Gasoline Brush Cutter

This gasoline-powered brush cutter is engineered for efficient grass trimming, weed control, and light brush clearing. Powered by a reliable 42.7cc two-stroke engine, it delivers consistent cutting performance suitable for residential and light commercial landscaping tasks. The unit features a two-section working pole for easier transport and storage, and supports versatile cutting options with both metal blades and nylon lines.
