Overview

Reliable Power Solution

This gasoline generator is engineered to provide dependable power for a wide range of residential and commercial applications. Featuring a robust engine and durable construction, it is designed for long-lasting performance during power outages or in remote locations. With multiple power output options and flexible starting mechanisms, this unit offers versatility to meet diverse operational needs.

Performance

Power Output Options

- 5kW
- 6kW
- 7kW

Starting Watts	8750 W
----------------	--------

Running Watts	7000 W
