

Gasoline Plate Compactor with Folding Handle

This plate compactor features a gasoline power system for a better compaction effect. It has a folding handle for easy transportation and storage.

Product Overview

High-Performance Gasoline Plate Compactor

The QTP9642 gasoline plate compactor is engineered for efficient soil, gravel, and asphalt compaction in demanding construction and landscaping environments. Featuring a robust 5.5HP engine, it delivers powerful compaction force while maintaining low vibration levels for improved operator comfort. Its design includes a self-cleaning open plate and a sealed belt cover to protect internal components from debris, ensuring long-term durability and reliability on the job site.

Technical Specifications

Plate Size	515 x 390 mm
Centrifugal Force	11000 N
Exciter Speed	5500 vpm
Compaction Depth	25 cm
Travel Speed	25 m/min

Engine & Power

Engine Displacement	163 cc
Engine Power	5.5 HP
Fuel Type	Gasoline

Physical Characteristics

Operation Weight	63 kg
------------------	-------

Features

The QTP9642 is compatible with optional accessories like a water sprinkler kit for asphalt compaction and a paving pad kit for surface protection.

Optional Accessories

- Water Sprinkler Kit
- Paving Pad Kit

Key Features

Folding Handle, Self-Cleaning Plate, Sealed Belt Cover, Low Vibration
