

Gasoline Powered Brush Cutter

This gasoline brush cutter is a powerful and versatile tool designed for trimming grass, weeds, and brush. It features a robust gasoline engine that delivers high performance and reliability.

Product Overview

Professional Gasoline Brush Cutter

This gasoline-powered brush cutter is engineered for high performance and reliability in demanding outdoor maintenance tasks. Featuring a robust two-cycle engine, it delivers stable power and easy starting even in high-temperature environments. Designed with user safety and comfort in mind, it includes an ergonomic rubber handle and a reinforced protective guard for extended operation.

Technical Specifications

Available Engine Models	40F-5, 44F-5
Engine Type	2-stroke
Fuel Mixing Ratio	1:25 (Oil to Gasoline)

Features & Safety

Safety Features

- Short circuit protection
- Plug type flameout wire
- Strengthened and thickened protector guard

Operational Features

- Rubber handle for ergonomic comfort
- Easy-load trimmer head system
- Interchangeable blades and trimmer heads
