Product Overview

Professional Performance Gasoline Chain Saw

This high-performance gasoline-powered chain saw is engineered for demanding woodcutting tasks, including felling trees, pruning branches, and processing firewood. It features a robust, powerful engine designed for efficient operation and a durable chain for long-lasting cutting performance. Ergonomically designed handles ensure user comfort during extended use, while integrated safety systems like a chain brake and anti-vibration technology provide enhanced control and operator protection.

Key Features

Ideal Applications

- Felling trees
- Pruning branches
- Cutting firewood
- General woodcutting

Safety Systems

Chain Brake, Anti-vibration System

Performance

Engine Type

Gasoline Powered
