

# Gasoline Powered Chain Saw

This gasoline-powered chain saw is designed for professional use. Its robust construction and powerful engine ensure efficient cutting performance in demanding environments.

## Product Overview

### Compact Power and Efficiency

The ZL2000B is a compact gasoline-powered chain saw engineered for professional wood cutting and precision trimming tasks. It features an advanced dust-free air intake system that centrifugally separates contaminants to ensure long-term engine reliability. With its ergonomic design and integrated safety mechanisms, this tool is ideal for demanding tasks such as limbing and precise wood shaping.

## Performance Metrics

### Core Performance

**18.3 cc**

Displacement

**0.7 kw**

Rated Output Power

**2800 r/m**

Idling Speed

## Technical Specifications

Max Cutting Diameter	200 mm
Bar Length	8 inch
Bar Type	Carving
Net Weight	2.3 kg

## Fluid Capacities

Fuel Tank Volume	170 ml
Oil Tank Volume	160 ml

## Safety and Maintenance

Key Features	Dust-free Air Intake, Automatic Chain Brake, Centrifugal Separation
