Product Overview

High-Performance Gasoline Chainsaw

This high-performance gasoline-powered chainsaw is engineered for demanding cutting tasks, making it an ideal choice for felling trees, pruning branches, and processing firewood. Featuring a robust engine and a durable cutting chain, it provides reliable operation for both professional and home use. The design prioritizes user comfort and safety, incorporating ergonomic handles, an anti-vibration system, and an integrated chain brake.

Technical Specifications

Primary Applications

- Felling trees
- Pruning branches
- Cutting firewood

Engine Type	Gasoline
Safety Features	Chain Brake, Anti-vibration System

Construction

Construction Materials

Durable Plastic • Metal Components

Design	Green and black
