Product Overview

High-Performance Gasoline Chain Saw

This high-performance gasoline-powered chain saw is engineered for precision and efficiency in wood cutting tasks. Featuring a robust engine and durable chain construction, it is suitable for demanding forestry work, tree felling, and routine pruning. The ergonomic handle design ensures comfortable operation, while integrated safety features provide essential protection for professional and home users alike.

Technical Specifications

Recommended Applications

- Tree felling
- Pruning branches
- Cutting firewood
- Gardening and forestry

Model Variants	PH4600-8, PN4600-S
Power Source	Gasoline

Features

Key Design Features

Ergonomic Handle • Robust Engine • Durable Chain • Safety Equipped
