

Gasoline Powered Chain Saw

This gasoline powered chain saw is a robust cutting tool suited for professional and domestic use. It provides high cutting performance for felling trees, pruning branches, and cutting firewood.

Product Overview

High-Performance Gasoline Chainsaw

This gasoline-powered chainsaw is engineered for efficiency and reliability in various cutting tasks, from pruning to felling. Featuring a single-cylinder, two-stroke air-cooled engine, it delivers consistent power for demanding outdoor work. Its ergonomic build and manageable weight make it a versatile tool for professional and domestic landscaping needs.

Engine Specifications

Rated Output Power

1.5 kW

Power

7500 rpm

Speed

Engine Type	Single Cylinder, Two-stroke, Air-cooling
Displacement	37.1 cc
Cylinder Diameter x Stroke	39mm x 31mm

Fluid Capacities

Fuel Mixture Ratio	25:1
Fuel Tank Capacity	310 ml
Engine Oil Tank Capacity	210 ml

Cutting System

Chain Specifications

Specification	Value
Pitch	3/8"
Gauge	0.050"

Available Guide Bar Sizes	14", 16", 18"
