Product Overview

Professional Grade Tree Cutting Power

This gasoline-powered chainsaw is engineered for high-efficiency tree cutting and branch management in both professional and home environments. It features a robust engine design paired with a durable cutting chain to ensure reliable, smooth performance under demanding conditions. With integrated safety systems like a chain brake and advanced anti-vibration technology, it is built to provide sustained comfort and security for the operator.

Technical Specifications

Available Models

- NT4520
- NT5220
- NT5820
- NT6020

Certifications & Standards

CE, EURO II

Safety & Ergonomics

Safety Features

Chain Brake • Anti-vibration System

Ergonomics

Equipped with ergonomic handles to reduce operator fatigue and improve handling control during extended use.
