

Gasoline Powered Chainsaw for Tree Felling

This gasoline-powered chainsaw is designed for demanding cutting tasks. It features a high-performance engine for efficient operation and a durable cutting chain for reliable performance.

Product Overview

Professional Grade Tree Felling

Designed for demanding cutting tasks, this high-performance gasoline chainsaw is built for professional forestry and landscaping applications. It combines a powerful engine with a durable chain to ensure efficient performance when felling trees or trimming branches. Engineered for endurance, it features an ergonomic design and an advanced anti-vibration system to reduce operator fatigue during extended use.

Technical Specifications

Key Features

- High-performance gasoline engine
- Durable cutting chain
- Ergonomic handle design
- Integrated anti-vibration system

Power Source	Gasoline
--------------	----------

Safety and Compliance

Safety Mechanisms	Chain Brake, Throttle Lock
-------------------	----------------------------

Applications

Primary Applications

Tree Felling • Branch Trimming • Heavy-Duty Cutting
