

Gasoline Powered Chainsaw for Wood Cutting

This gasoline chainsaw is a powerful tool designed for cutting wood. It features a robust engine and a durable cutting chain for efficient performance.

Product Overview

High-Efficiency Gasoline Chainsaw

This 45cc gasoline-powered chainsaw is engineered for high-performance wood cutting tasks. It delivers a robust 1.8kw power output, making it suitable for both professional forestry work and demanding home improvement projects. Designed with an ergonomic focus and a 450mm max cutting diameter, it provides the reliability and handling necessary for extended operation.
