Product Overview

High-Performance Wood Cutting Solution

This professional-grade gasoline chainsaw is engineered for demanding woodcutting tasks, including tree felling and branch pruning. Equipped with a robust air-cooled, two-stroke engine, it delivers consistent power for efficient operation in various environments. The design prioritizes user comfort with ergonomic handles, ensuring stability and control during extended use.

Technical Specifications

Engine Power

2200 W

Power Output

52 cc

Displacement

Fuel and Oil

Specification	Value
Fuel Capacity	550ml
Oil/Fuel Ratio	25:1

Engine Configuration Single-cylinder, air-cooled, two-stroke

Guide Bar Sizes 18", 20"

Features

Design Features

- Ergonomic handle design for comfort
- Robust engine construction
- High-performance cutting chain
