

Gasoline Powered Concrete Cutter

This pavement cutting machine is designed for cutting concrete and asphalt surfaces. It features a gasoline engine, a robust cutting blade with a protective guard, and a wheeled chassis.

Product Overview

Professional Concrete Cutting Performance

This gasoline-powered concrete cutter is engineered for precision and durability on demanding construction sites. Featuring a robust 188F engine and a 500mm blade capacity, it delivers efficient cutting performance on both concrete and asphalt surfaces. The design includes a manual twist depth adjustment and an integrated 36-liter water tank, ensuring versatility and ease of use for road repairs and utility projects.

Technical Specifications

Engine Model	188F
Blade Diameter	500 mm
Blade Axle Diameter	27 mm
Max Cutting Depth	175 mm
Depth Adjustment	Manual twist

Capacity & Dimensions

Water Tank Volume	36 L
Net Weight	133 kg
Machine Dimensions (L x W x H)	1180 x 570 x 980 mm

Key Features

Suitable Applications	Road Repair, Construction Projects, Utility Work, Concrete Cutting, Asphalt Cutting
