

Gasoline Powered Earth Auger

This gasoline powered earth auger is a powerful and efficient tool for digging holes. It features a robust gasoline engine and a durable steel auger bit with an ergonomic handle.

Overview

Professional Earth Drilling Power

This gasoline-powered earth auger is engineered for efficient, heavy-duty hole digging in various soil conditions. Featuring a 51.8cc engine, it delivers consistent power for tasks such as fence post installation and tree planting. Its ergonomic design and portable form factor make it a reliable choice for landscaping professionals needing to move between job sites with ease.

Engine Performance

Maximum Power

1.45 kW
kW

1.94 HP
Horsepower

Displacement	51.8 cc
Fuel Tank Capacity	1000 ml
Fuel Mixture Ratio	25:1

Transmission & Operation

Transmission Mode	Cylindrical Worm Gear
Gear Ratio	30:1
Auger Speed	275 RPM
Rotation Direction	Clockwise

Physical Specifications

Available Bit Diameters

- 100
- 150
- 200

Net Weight	9.5 kg
Dimensions (L x W x H)	530 x 360 x 300 mm
