

Gasoline Powered Garden Tiller

This powerful tiller is designed for efficient soil preparation and cultivation. Its adjustable tilling depth and width allow for customized soil management, while the ergonomic handle and controls ensure comfortable operation.

Product Overview

High-Performance Gasoline Tiller

This gasoline-powered garden tiller is designed for efficient soil preparation and cultivation in agricultural and gardening settings. Featuring a robust 7HP engine and a versatile two-speed gearbox, it provides the power and control necessary for diverse terrains. Its durable construction, combined with specialized tire sizing, ensures long-term reliability and ease of use for small to medium-sized operations.
