

Gasoline Powered Garden Tiller

This gasoline powered tiller is designed for soil cultivation and preparation. It features a robust engine, durable tines, and adjustable handles for user comfort and control.

Overview

High-Performance Gasoline Tiller

The TL210 gasoline-powered garden tiller is engineered for efficient soil cultivation and robust landscaping performance. Featuring a 6.5HP engine and a 480mm furrow breadth, this machine offers the power and precision required for professional-grade gardening tasks. With adjustable gear settings and a durable design, it provides reliable operation for intensive soil preparation.

Engine & Performance

Max Output

6.5 HP

Power

3600 rpm

Speed

Engine Displacement	208 cc
Fuel Tank Capacity	3.1 L

Technical Specifications

Working Dimensions

Specification	Value	Unit
Furrow Breadth	480	mm
Rotate Diameter	350	mm
Working Depth	245	mm

Output Rotation Speed

- F1: 215 rpm
- B1: 43 rpm

Gear Configuration	F1/N/B1
--------------------	---------

Logistics & Compliance

Certifications & Standards

EU V Emission Standard • GS Certified

Net Weight	72 kg
Packing Size	1110x515x495 mm
40' GP Capacity	230
