Product Overview

Compact Garden Power

The Gasoline Powered Garden Tiller is a compact and efficient machine designed for soil preparation and cultivation in small to medium-sized gardens and plots. Powered by a robust gasoline engine, it features durable rotating tines that effectively break up and aerate the soil, making it ideal for preparing seedbeds, weeding, and incorporating compost. Its lightweight construction and ergonomic handle design ensure ease of use and maneuverability for professional and home gardening tasks.

Technical Specifications

Model Number	1WG1.5-40
Power Source	Gasoline Engine

Key Features

Key Performance Metrics

1.5 kW

Engine Power

Usability Features

- Adjustable tilling depth
- Ergonomic handle design
- Transport wheels for easy relocation
- Adjustable handle for comfortable operation

Ideal Applications	Seedbed Preparation, Weeding, Soil Aeration, Fertilizer Incorporation
