

Gasoline Powered Garden Tiller

This gasoline powered tiller offers adjustable mowing height for thorough and effective soil preparation. A variety of mowing functions are available, and the foldable push rod allows for convenient, space-saving storage.

Product Overview

Professional Grade Soil Cultivation

This gasoline-powered garden tiller is engineered to provide efficient and reliable soil preparation for agricultural plots and garden beds. Featuring a robust 161cc engine, it delivers consistent power for breaking through compacted earth. The compact design and lightweight construction ensure high maneuverability, making it an ideal tool for professional landscaping tasks.
