

Gasoline Powered Garden Tiller

This gasoline tiller is designed for garden use. It offers convenient and powerful soil cultivation.

Overview

Efficient Soil Cultivation

This gasoline-powered garden tiller is engineered for high-performance soil preparation and cultivation in small to medium-sized garden environments. It features a robust engine design and durable tines, ensuring effective soil turning and seedbed preparation. With ergonomic handles and adjustable depth settings, it offers a balance of comfort and versatility for professional and hobbyist gardeners alike.

Performance

Power Source	Gasoline
Ideal For	Soil Preparation, Cultivation, Seedbed Prep, Compost Mixing

Design & Ergonomics

Ergonomics

- Ergonomic handle design
- Compact maneuverability
- Adjustable tilling depth

Storage

Compact Design • Easy Storage

Components

Key Components

Component	Benefit
Engine	Robust and reliable performance
Tines	Durable for effective soil turning
