

Gasoline Powered Hedge Trimmer

This hedge trimmer is a powerful and efficient tool designed for professional landscaping and garden maintenance. Its durable cutting system delivers clean and precise cuts, making it ideal for shaping hedges, shrubs, and bushes.

Overview

Professional Hedge Trimmer Performance

This gasoline-powered hedge trimmer is engineered for efficient landscaping and garden maintenance. Featuring a high-performance 2-cycle engine and a precision 750mm blade, it delivers clean, consistent cuts for shaping hedges and shrubs. Its ergonomic design and reliable recoil starter system prioritize operator comfort and ease of use, making it a robust choice for both commercial and residential applications.

Engine & Performance

Engine Type	Single cylinder air cooling 2-cycle gasoline engine
Displacement Volume	25.7 cm ³
Carburetor System	Diaphragm, rotary valve
Starting Method	Recoil starter
Stopping Method	Primary short circuiting

Cutting System

Blade Configuration Single sided	
Blade Length	750 mm
Power Transmission	Automatic centrifugal clutch spur gear, cam-crank

Fuel & Fluids

Fuel Requirements	Lubricating oil mixed gasoline (mixing rate 25:1)
Lubricating Oil	2-cycle engine oil
Fuel Tank Capacity	600 cm ³

Dimensions & Weight

Dimensions and Weight

16.01 kg

Weight

1041 mm

Length

252 mm

Width

240 mm
