

# Gasoline Powered High Pressure Washer

This gasoline powered high-pressure washer is designed for demanding cleaning tasks. It delivers a powerful stream of water for effective removal of dirt, grime, and debris from various surfaces.

## ADDITIONAL IMAGES

## Overview

### High-Performance Cleaning Power

This gasoline-powered high-pressure washer is engineered for demanding cleaning tasks, combining a robust 208cc engine with a durable steel frame construction. Designed for both professional and home use, it efficiently blasts through mud, dirt, and debris without damaging surfaces. The unit features a mobile, push-down style cart design that ensures superior support, durability, and ease of maneuverability across various job sites.

## Performance Metrics

### Maximum Pressure

**3000 PSI**  
Pressure

### Flow Rate

**2 GPM**  
Flow Rate

### Engine Displacement

208 cc

## Design & Construction

### Mobility Features

- Large wheels for easy maneuverability
- Push-down style cart design
- Rugged support frame

### Build Materials

Rugged Steel Construction, Push-down Cart

## Service & Support

### Manufacturing Capabilities
