

Gasoline Powered Pole Saw for Tree Trimming

This gas-powered pole saw is designed for trimming high branches and limbs. It features a durable cutting bar and chain for effective cutting.

Overview

Professional Gasoline Pole Saw

This high-performance gasoline-powered pole saw is engineered for efficient tree trimming and maintenance. With a 25.4cc engine delivering 0.75kW of power, it provides the necessary torque for demanding cutting tasks. Designed for versatility and reach, this tool allows users to safely trim high branches without the need for a ladder.

Engine & Performance

Maximum Power

0.75 kW

Power Output

1 HP

Horsepower

Engine Displacement	25.4 ml
Fuel Tank Capacity	800 ml
Oil Tank Capacity	130 ml

Cutting System

Chain Specifications

Bar Size	Pitch x Gauge	Model
10"	3/8" x .043"	91SG-39X
10"	3/8" x .050"	91VG-39X
12"	3/8" x .043"	91SG-44X
12"	3/8" x .050"	91VG-44X

Guide Bar Sizes	10 inch (25cm), 12 inch (30cm)
