

Gasoline Powered Wood Cutting Chainsaw

This gasoline-powered chain saw is designed for professional use in cutting wood. It features a durable construction and a powerful engine for efficient operation.

Product Overview

Professional Wood Cutting Performance

This gasoline-powered chainsaw is engineered for efficient wood cutting operations, offering a balance of power and portability. With a 25.4cc engine and a 10-inch bar, it provides the reliability needed for professional tasks. The design focuses on ergonomic handling and consistent output to ensure productivity in the field.

Technical Specifications

Engine Displacement	25.4 cc
Rated Output Power	0.9 kW
Idling Speed	2800 r/m

Physical Dimensions

Max Cutting Diameter	250 mm
Bar Size	10 in
Net Weight	3 kg

Capacity & Components

Fluid Tank Capacities

230 ml

Fuel Tank

160 ml

Oil Tank

Standard Bar Type	Sprocket
