Overview

High-Performance Wood Cutting

This gasoline-powered chainsaw is engineered for demanding wood-cutting tasks, offering a robust 72.2cc engine for consistent performance. Designed with both professional and home utility in mind, it features an ergonomic build to reduce operator fatigue during extended use. The system includes essential safety mechanisms such as a chain brake and throttle lock to ensure reliable operation across various applications like felling trees or processing firewood.

Technical Specifications

Power Output

3900 W
Power

Engine Displacement	72.2 cc
Cutting Length	18-24 inches

Capacity & Fuel

Fuel Tank Capacity	0.68 L
Oil Tank Capacity	0.24 L
Fuel/Oil Mixing Ratio	25:1
