

General Purpose Masking Tape

This masking tape is suitable for a variety of applications including painting, bundling, and general purpose use. It provides good adhesion and clean removal and is ideal for use on a range of surfaces, offering a balance of conformability and tensile strength.

Product Overview

General Purpose Masking Tape

This general purpose masking tape is designed for a variety of professional applications, including painting, bundling, and general holding tasks. It provides reliable adhesion while ensuring clean removal from a wide range of surfaces. Engineered to offer an optimal balance of conformability and tensile strength, it is an essential tool for both construction and maintenance environments.

Performance Features

Key Benefits

- Good adhesion properties
- Clean removal
- High conformability
- Reliable tensile strength

Suitable Applications

Painting, Bundling, General Purpose, Surface Protection
