

# Georgian Style Rotary Dimmer Switch

This dimmer switch features a Georgian-style design with a polished chrome finish. It uses rotary knobs to control lighting levels.

## Product Overview

### Elegant Lighting Control

This Georgian-style rotary dimmer switch combines timeless aesthetic appeal with modern lighting control functionality. Featuring a distinctive polished chrome finish and a decorative rope-like border, it serves as an elegant addition to both residential and commercial interiors. The four-gang rotary design allows for precise adjustment of lighting levels, providing versatility and ambiance control for any space.
