

Glass Door Beverage Display Cooler

This beverage display cooler features a glass door, allowing clear visibility of the contents. It is ideal for keeping drinks chilled and accessible in commercial or residential settings.

Overview

Compact Beverage Merchandiser

This professional-grade glass door beverage display cooler is designed to maximize product visibility in a compact footprint. Featuring efficient compressor cooling with adjustable temperature controls, it ensures beverages are kept at optimal serving temperatures between 0°C and 10°C. Its sleek design and reliable performance make it an ideal choice for commercial retail environments or high-end home entertainment areas.
