

Glass Door Beverage Display Freezer

This beverage display freezer features a glass door for showcasing drinks. It includes adjustable shelves, interior lighting, and temperature control, making it ideal for commercial or residential use.

Product Overview

Compact Beverage Display Solution

This glass door beverage display freezer offers an efficient cooling solution for showcasing drinks in commercial or residential settings. Utilizing compressor-based cooling, it provides manually adjustable temperature control between 0 and 10°C to ensure beverages are kept at the optimal temperature. Its compact design and clear display make it an ideal choice for retail counters or smaller hospitality spaces.
