

# Glass Door Display Refrigerator

This compact display refrigerator features a glass door, adjustable shelves and interior lighting. The black exterior with white accents makes it suitable for commercial or home use to showcase beverages and snacks.

## Overview

### Compact Commercial Display Solution

This compact glass door display refrigerator is engineered for efficient cooling and high-visibility product showcasing. Featuring a reliable compressor-based cooling system, it maintains temperatures between 0°C and 10°C, making it an ideal choice for beverages and snacks in commercial or retail environments. Its energy-efficient design and versatile power compatibility ensure it fits seamlessly into various operational setups.
