

# Glass Hole Drilling Bit

This drill bit is designed for creating holes in glass. It can also be customized based on specific customer requirements.

## Product Overview

### Precision Glass Drilling Solutions

These professional-grade hole drilling bits are engineered specifically for precision glass applications. Designed to meet diverse operational requirements, they offer reliable performance for creating accurate holes in various glass materials. Customizable options are available to align with specific customer needs.

## Technical Specifications

### Diameter Range

**4 mm**

Minimum Diameter

**100 mm**

Maximum Diameter

### Primary Applications

Optical Glass, Glass Handicrafts, Furniture Stone, Hole Drilling

## Product Compatibility

### Compatible Abrasive Series

- King Kong Wheel
- Resin Wheel
- 10S Polishing Wheel
- BK Polishing Wheel
- BD Polishing Wheel
- 905 Series Polishing Wheel
- Polyurethane Crystal Pads
