

Gold Leather Welding Apron

This gold leather apron offers exceptional resistance to sparks, spatter, and abrasion. It features adjustable straps and reinforced stitching for a secure and comfortable fit.

Product Overview

Professional Welding Protection

This gold leather welding apron is engineered for superior safety in demanding industrial environments. Crafted from durable, heat-resistant side split cowhide leather, it provides exceptional protection against sparks, spatter, and abrasion. The design features reinforced Dupont KEVLAR stitching and a highly adjustable strap system to ensure a secure, comfortable fit for extended wear.

Material & Construction

Material	Side split cowhide leather
Stitching	Dupont KEVLAR

Design & Ergonomics

Strap Width	2.5 cm
Strap Material	Cotton
Buckle Type	Quick-release
Adjustment Mechanism	Sliding length adjuster
Back Style	Open back

Features

Key Features	Heat Resistant, Spark Resistant, Abrasion Resistant, Adjustable Fit
